NOTICE TO CITIZENS

Notice to Citizens:
To The Citizens of The
Town of Appomattox:
As a candidate for the Office of Mayor of Appomattox, I will deeply appreciate your vote and support in the June election. I pledge myself, if elected to continue to work for the best interest of our Town. May I urge every qualified voter to go to the poll and vote on June 11th.

Respectfully,
(4-18-tfc) Richard D. Robinson.

To the Voters and Citizens of
The Town of Appomattox:
Next Tuesday, June 11th, is election day for The Town of Appomattox. A Mayor and Six Councilmen will be elected.

We are all fortunate in living in a nation, state and community in which we have a voice as to who shall be elected to public office.

It is my deep desire and sincere hope that each and every eligible voter will make a special effort to go to the polls on June 11th and cast their ballot.

Your vote and support for me as Mayor in this election will be greatly appreciated and long remembered.

Should I be the choice of the majority of the people, I promise you that I will exert every effort that I have to promote the growth and welfare of our town.

Your friend,
C. T. Moses, Jr.

IN MEMORIAM

IN MEMORIAM
In memory of Betty Moore Tweedy, who passed away one year ago, June 7, 1956.

The month of June once more is here,
The saddest month in all the year.
But we are thankful, God to you,
Because you blessed us with a Mother so true.

To grieve we have no other choice,
To us you'll always be near.

How we miss your loving voice,
The touch of your strong hand so dear.

We often sit and think of you,
And of the way you died.
That you could not say goodby
Before you closed your eyes.

Aur life has never been the same,
Our heart is lonely still;
We sometime cannot understand,
Why such should be God's will.

You never thought, Mother,
When leaving home,
That you would never return,
That you so soon in death would sleep,
And leave us heer to mourn.

You are not dead, you're just away,
Taking a much needed rest.
I know we'll meet you there some day,
In the home of the pure and blessed.

If we had seen you to the last,
And held your dying hand,
And heard the last sigh from your heart,
I would not feel so bad.

We did not know the pain you had,
We did not see you die;
We only know you left us,
And could not say good night.

But God is good, Mother,
He gives us strength to bear my heavy cross;
He is the only one who knows,
How bitter is my loss.

—Sadly missed by:
Son, Charles Tweedy; and Daughter, Kathy, and Sisters and Brothers.

Richwood

Richwood, June 4.- Miss Shirley Fleshman was home for the week-end, from Phillips Business College.

Mr. Temple Paulette spent the week-end at his home here.

Mr. and Mrs. Temple Paulette were in Lynchburg Saturday.

Mr. and Mrs. C. S. Wilbun, Paul Wilbun, Mrs. Temple Paulette and Mrs. Floyd Howerton spent last week-end in Murray, Kentucky, with Mr. and Mrs. James Slagle and son.

Mr. and Mrs. Temple Paulette took dinner on Sunday in the home of her parents, Mr. and Mrs. C. S. Wilbun.

Miss Shirley Fleshman and Mrs. James Fleshman called in the home of Mrs. C. S. Wilbun on Saturday.

Homemakers Items

Changing weight? Milk is your ally, say nutritionists at Y.W.

With June as National Dairy Month, the nutritionists remind dieters that in up-to-date diets for either losing or gaining weight, milk is relied on as a basic food.

When losing pounds is the goal, milk pays its way by contributing generous amounts of protein, calcium, and other needed nutrients, along with a very moderate number of calories. For the calories in one 4-inch wedge of pie, you can have a pint of whole milk or almost a quart of skim milk.

Research has shown that you get along best during slimming when more protein than usual is in the diet. It's an added reason for including a good deal of milk, particularly skim milk or buttermilk, in reducing diets.

For those who count calories, here are approximate figures showing calories in milk and milk products:

In one cup (1-2 pint) of fresh fluid whole milk, 165 calories; fresh fluid skim milk, 85; buttermilk, 85; half-and-half, 330; chocolate-flavored milk drink, 185; malted milk drink, 280; and evaporated milk diluted with equal water, 175.

In 1-2 cup of ice cream, 150 calories; milk sherbet, 120, or cottage cheese, not creamed, 110.

Manufacturers had record sales and earnings in 1956.

Appomattox is a growing town.

Evergreen 7th Grade

(Continued from Page One)

sons from our most efficient teacher, Mrs. Ciara Garrette. In the spring of 1954, Patsy Farrar from the Baptist Children Home joined our class.

We entered the fifth grade with Mrs. Dorothy Blythe as our teacher. On October 22, 1954, this class witnessed the celebration of the 50th anniversary of our school.

Several months later Mrs. Blythe suffered an automobile accident. Mrs. Mayme Cheatham, our faithful substitute teacher, who is always standing by ready to help in time of need, came to our rescue and saw us safely through the year.

In September, 1955, our beloved Mrs. Dorothy Blythe returned to us. Miss Joyce Wingfield came as our music teacher, Charles Irvin became a member of our class. During this year Patsy Farrar won 1st, place in the 4-H safety poster contest. Brenda Clapp and Richard Hamilton entered the county division spelling match. Although they were not winners it was great experience for them. In the spring we entered a colonial float in the Band Day Parade.

Then in the fall of 1956, it was our good fortune to have Miss Mary Rives Black come our way. She has been a real blessing to our school. This year, our class was joined by Melvin Childress and Aliese Almond.

The outstanding event of this session was our visit to the Jamestown Festival.

There have been many happy occasions through our school life here. Such as our annual Hallowe'en Parades, Christmas trees, and picnics at Miller Park. These years have been mingled with duties as well as pleasures and linger like a pleasant dream in our memory.

We have not passed this way alone. Many have helped to pilot us and to attain this goal. Besides our teachers who have labored so patiently with us, we remember our parents who have given help and encouragement all the way.

Perhaps we have often looked forward longingly to the time when we would leave this school. Now we sadly bid farewell to the walls that have grown deer to us and to the beloved teachers and schoolmates.

As we go fourth to high school, we shall not forget the happy days spent here.

May we remember and profit by the lessons we have learned and likewise make a place for ourselves in this world.

Richard Hamilton,
Historian.

Tuesday, June 11 is election day for the Town of Appomattox. Polls open from 6:30 A. M. to 7:30 P. M.

General Maxwell Taylor, Army chief of staff, says he accepted Secretary Wilson's decision to turn long-range missile development over to the Air Force.

BACK INJURIES PAINFUL AND COSTLY

Paper clips and puttering around a yard have something in common — they both cau cause back injuries.

It's often an apparently harmless object that is an injury-dealer—wet leaves on a sidewalk or paper clips on an office floor, according to the National Safety Council.

And of course back injuries are caused by lifting objects that are too heavy, the Council pointed out.

With the advent of warm weather, the Council noted, many men (and women, too) who practice job safey throw caution to the winds when they do yard work or repair objects at home. The result is a familiar complaint, "Oh, my aching back!"

How can a person tell if a load's too heavy for him? The Council said these points should be considered:

1. How is the lifter built —slight or sturdy?

2. What type of work is he used to?

3. Is the load bulky or compact.

A slight office worker is asking for trouble if he attempts a single-handed lift of a 100 pound bag of fertilizer.

"Don't overlook the importance of teamwork when moving things," the Council said.

How to lift properly is another subject many persons are unfamiliar with. The Council recommends this procedure: lift with legs bent, back straight, load held close to the body. Grip the load at opposite corners, straighten the knees and pull the load up directly over the feet. But don't perk or strain.

Other ways to prevent back injuries are these?

1. Beware of carrying heavy objects up or down stairs.

2. If a wheelbarrow has to be pushed across soft ground, the task will be easier if a plank is put down first.

3. Instead of lifting a heavy carton or box, rock it on its corners until "walk" with little effort.

4. Use a plank for skidding heavy objects up or down stairs.

"A back injury, whether it's suffered from lifting a heavy object improperly or from slipping, is painful—and often costly," the Council said.

HE'LL STAY HOME NOW

Beaver City, Neb.- Supt. Melvin Doeschuk sneaked off to Colorado Springs with his high school seniors on a "sneak-day" outing. The stork sneaked into Beaver City and presented Mrs. Doeschuk with tripletes.

REUNION

Miami, Fla. - Mrs. Mae Lynch, 82, was recently reunited with her son, Lester, of Pensacola, Florida, with whom she had lost contact in 1925. Each beceived the other dead. Lester, visiting Miami, called on an aunt, Mrs. Stella Raudenbush, and learned that his mother was living with her aunt and the reunion followed.

PROPER MOWING HELPS MAINTAIN A GOOD LAWN

Proper mowing is much more important to good lawn care than many people realize.

No matter what kind of mower you use, it should be sharp enough to cut the grass cleanly without bruising and tearing the leaves.

Cool-season grasses such as bluegrass and fescues should be mowed to a height of about 2 inches — never less than 1½ inches. Closer mowing, especially in hot weather, will weaken or even kill these grasses, opening the way for invasion by weeds and crabgrass.

Crabgrass requires lots of sun and its germination and growth is retarded by taller-growing permanent grasses.

Bermuda grass, which requires fairly close mowing, should be cut to a height of 5/8 inch or less to maintain fine-quality turf. Cut zoysia grass to a height of about 1 inch.

All mowers can be adjusted for height of cut, but the adjustments should always be made and checked on a flat surface such as a concrete walk or floor.

Except in dry weather, frequent mowing is important to avoid cutting off too much top at one time. Too heavy a cut is a shock to grass plants and weakens them and slows their growth. In extreme dry, hot weather, mow infrequently, if at all.

A Word Of APPRECIATION

It has been my privilege to serve the motoring public of Appomattox for well over 15 years. Over eight years of this time has been in operating my own Esso Station.

Having now discontinued my Station, as of June 1, I feel that I an forever grateful to my friends and the public in general, for having favored me with their patronage during these years.

Our friend, "Mike" Hudson has taken over my Station, and I am sure you will want to patronize him.
